This program is open to current USAV members of any club & any non-club members. A \$15 USAV Membership is required for any non-USAV members. Players registered USAV with another club do not need to reregister with USAV to participate.

Triple Ace will provide training for those who just want to improve their skills for the upcoming season and those who want to compete this summer in beach tournaments.

All training will be led by experienced Triple Ace Volleyball staff and players.
All competition is doubles – pick your own partner

Triple Ace will provide a list of local beach tournaments as well as assistance in entering beach tournaments for those who want to compete this summer. A complete list of tournaments in the area will be provided prior to camp for those interested in competing. Entering beach competition is the responsibility of each team as well as the expenses involved.

Competition days will be held during regular practice days for grades 8th-12th throughout the season. Our goal is to provide a general round robin type format on regular practice days to get play experience for all participants.
